

PRACHI PATEL

Data Scientist · Machine Learning

prachipatel4102@gmail.com | +91 9409430521 | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Data Scientist with hands-on experience across the data science lifecycle, using Python, SQL, Pandas, NumPy, Scikit-learn and TensorFlow. Certified in Data Science from Tops Technologies, with applied projects spanning full-stack development, machine learning and Generative AI tools. Comfortable using AI assistants such as ChatGPT, Claude and GitHub Copilot to speed up coding, debugging and problem-solving, alongside a fast-learning, detail-oriented approach to turning raw data into actionable insight.

CORE SKILLS & TOOLS

Python	SQL	Scikit-learn	Git & GitHub
FastAPI / REST API	C++ (Basic)	Pandas / NumPy	ChatGPT / Claude / Gemini / Copilot

★ **AI Tools Proficiency:** ChatGPT, Google Gemini, Claude AI, GitHub Copilot — used to speed up coding, debugging and day-to-day development work.

FEATURED PROJECTS

TransitOps – Fleet Management System

React · Tailwind CSS · Django REST Framework · SQLite

Live: <https://odoo-hackathon-sepia.vercel.app/>

- Built a full-stack fleet management system using React, Tailwind CSS, and Django REST Framework with SQLite. .
- Owned the project independently end-to-end, from UI design through deployment.
- Implemented core modules including authentication, vehicle/driver management, fuel logs, and reporting APIs.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

Sardar Vallabhbhai Global University (SVGU) — CGPA: [7.34]

Higher Secondary Certificate (HSC)

2023

Gyanda Girls High School — 78.29%

Secondary School Certificate (SSC)

2021

Gyanjyot High School — 75.5%

EXTRACURRICULARS

- Fluent in English, Hindi and Gujarati.
- Comfortable presenting and explaining project work built independently, end-to-end.
